

**HARASSMENT OF
ANY KIND HAS NO
PLACE AT THIS
EVENT.**

SAFESAIL

BE PART OF THE SOLUTION

SafeSail is pathway and bridge to more inclusion.

Who we are

SafeSail is a volunteer grassroots organization dedicated to providing resources for sailors. We saw a gap in the sport between sailors in need of support and the Race Organizers willing to help. Our mission is to be a connection point for those entities and foster a culture of inclusion to ensure everyone's voice is heard at events.

What is SafeSail is Not

SafeSail is NOT any kind of investigative or punitive organization. We don't replace Law Enforcement, US Sailing, International Jury Members, or SafeSport. Reports are not stored on our servers; they are automatically forwarded to local individuals registered with us.

How SafeSail Reporting Tool Works

First, we ask all sailing organizations to register at SafeSail.org, providing contact info for a designated person to handle reports. When an individual files a report, it automatically is sent to them to take action. If none is listed, SafeSail volunteers step in to find one.

How can you support

If you are an organizer, sign up! If you are a sailor, ask your class, yacht club, or regatta administrator to sign up or volunteer as their contact person. If you have an idea or resource to share, please reach out. Lastly, help us spread the word. Our mission is only successful if everyone stands up to bullying and harassment together.

HOW TO BE A SAFESAIL AS ORGANIZATION

SAFESAIL
BE PART OF THE SOLUTION

DESIGNATE A CONTACT PERSON

This individual, preferably with SafeSport Training, is open to receiving reports during events and facilitating the reporter's intentions.

1

REGISTER AT SAFESAIL.ORG

Register your organization on SafeSail.org using the contact's email and the organization's physical address. Confirm functionality with a test email.

2

SAFESAIL WILL SEND CARDS

We will send cards to the address on file, which you can place in bags, bars, and bathrooms, indicating that you have established a secure and supportive space for sailors.

3

MONITOR THE EMAIL ON RECORD

In the event of a report, the designated email of record will automatically receive the report. SafeSail does not retain a copy. The report will outline the reporter's intentions, ranging from a simple verbal warning to the offending party to more significant actions. It is the organization's responsibility to honor and respect these stated intentions.

4

SPREAD THE WORD OR DONATE

Thank you for championing the creation of a harassment-free space for sailors. Support our continued growth with a small contribution to aid in resource creation or by encouraging fellow events to join the cause.
